

every volunteer can make a difference

At Habitat for Humanity of Evansville, we would not be able to do what we do without the help of the community. We are a construction company, a bank, a nonprofit organization, a social service agency, a mortgage company, and so much more.

We rely on all kinds of volunteers to make our mission possible. So while some people love building houses on the construction site, we also have “no-hammer” volunteer opportunities for those who want to get involved in other ways.

We realize it takes more than a hammer to build a community – partner with us today and help create a world where everyone has a decent, affordable place to live through your time, talents, and strengths.

everyone

deserves a decent place to live

No matter who we are or where we come from, we all deserve to have a decent life. We deserve to feel strength and stability day after day. We deserve to know we have the power to take care of ourselves and build our own future. Through shelter, we empower. Because you, me, we – we’re all humans. And every one of us deserves a fair chance.

Your support gives families the opportunity to help themselves. Homeownership allows families to save more, invest in education, live in healthier environments, and have more financial stability. It’s the foundation for success and a better future.

Please give your financial support, your time, or your voice to help create a world where everyone has a decent, affordable place to live.

"I have enjoyed making new friends while
doing the work I love. It's been a great learning
experience while having fun at the same time."

- Shamali Mirajkar

Habitat volunteer since 2015
