Anyone who has ever set a goal that seemed impossible and then actually achieved it knows those feelings that come with accomplishing something big – feelings of excitement, joy, amazement, optimism, gratitude and yes, maybe even a little fear about what's next. It really hit me this past year that Habitat homeowners must feel those same emotions when they accomplish something as big as building their own home, signing the mortgage and receiving the keys to a home they can call their own.

In 2014 when Habitat set a goal of building its 500th home, it seemed like an impossible challenge; yet in December 2018, that goal was accomplished due to the generosity of donors who provided the funds, the volunteers who worked overtime to make it happen and those families who stepped out in faith to dream big! Having achieved the 500th home goal, it's time for Habitat to dream big again!

Dreaming big has never been a problem for Habitat for Humanity of Evansville! We only have to look at the rich history of Habitat donors and volunteers coming together:

- 3 blitz builds in 1992, 2000 and 2002 in which a total of ___ homes were constructed in a week
- The New Haven development - a 55 house subdivision to serve survivors of the 2005 tornado
- The Glenwood Neighborhood Revitalization initiative which resulted in ___ families putting down roots and improving the Glenwood neighborhood and
- The Transforming Lives, Changing Neighborhoods plan which prepared and built homes for 62 families and achieved of the 500th home!

In 2019 it was time to turn the page from the 500th home celebration and ask ourselves where we wanted to go in the next chapter of Habitat's story. I am happy to report the future looks bright! Habitat's 100 Homes with 100 Families plan sets a vision of improving the quality of life in our community by increasing homeownership rates and building family stability for 100 more families by 2023!

You will see the beginning stages of this vision coming to fruition in the pages of this 2018-2019 annual report. 505 more families now know the stability of a well-built, affordable home because of you. On average, these families are spending about \$200 less per month on housing costs since moving into their Habitat home. They are also paying lower utility bills because of the energy efficiency of Habitat homes. And in part due to Habitat's Money Management Seminar, they are saving more and building economic sustainability! Most importantly these families have a solid foundation to build a brighter future for themselves and their children. Families continue to tell us about their successes – getting better jobs, raising their credit scores, and funding emergency savings accounts – and the success of their children – making honor roll, participating in orchestra, and playing on sports teams.

We continually seek to be good stewards of the gifts you give to Habitat. The mortgage payments from Habitat homeowners continue to cover all administrative, fundraising and overhead costs so that every dollar given to Habitat for Humanity of Evansville goes into building more homes. Our affiliate also has maintained its Four-Star Charity Navigator rating! Most recently the Evansville affiliates has been named as a Top 40 Builder in the Habitat organization. We were 31st out of the 1200 affiliates across the United States when it came to building new homes – just a few back from Los Angeles, New Orleans, Dallas and Louisville! These accolades belong to the entire Habitat family! Because of your tremendous generosity of time, talent and treasurer and God's guiding hand, we have been able to continue to build homes, communities and hope!

As Habitat for Humanity supporters, we all see the need for a world where everyone has a decent place to live. We invite you to help us build that world!

Vectren and Evansville Housing Organizations Partner for Community Revitalization

On January 28, 2019, the mayor's office hosted a news conference announcing a \$5.5 million investment by the Vectren Foundation in workforce housing in Evansville neighborhoods over the next four years. An initial allocation of \$1 million, announced on the 28th, will go toward single-family home construction and repair in the Jacobsville Neighborhood, beginning spring 2019. Strategic partners in this effort include Habitat for Humanity of Evansville, HOPE of Evansville, and the City of Evansville. \$500,000 will help Habitat build a minimum of 20 homes in the Jacobsville Neighborhood during the next four years.

Thank you to Vectren for partnering with the housing organizations of Evansville to help eliminate substandard housing in Vanderburgh County!

Habitat's Night to Celebrate the Otters' 25th Anniversary!

On July 12, 2019, thousands of fans gathered in the Bosse Field Stadium to cheer on the Evansville Otters in their game against the Lake Erie Crushers. Celebrating their 25th Anniversary, the Otters partnered with Habitat for a great night of fun community engagement. Habitat featured a 500-Voice Choir which beautifully sang "Take Me Out to the Ball Game" and our country's National Anthem. This night proudly honored this partnership with Habitat by celebrating The House the Otters Built Sponsored by Eyewitness News. This Jacobsville neighborhood home, sponsored by the Evansville Otters and Eyewitness News, was completed on October 14, 2019, with homeowner Kimiko.

Thank you to all who joined us in July and for adding to the celebration of the Otters and their support of Evansville Habitat!

The Evansville Habitat ReStore is proud to announce the goal to finally sponsor a Habitat home has been reached! Because of faithful shoppers, generous donors, and loyal volunteers, the Evansville ReStore has raised enough money in the 2018-2019 fiscal year to sponsor a Habitat home for future homeowner Hailee T. and her daughter Tay'Lynn. Because of supporters like you, Hailee and Tay'Lynn now have a safe and warm home for the new year.

Habitat Homeowner Hailee is thrilled that the ReStore is her sponsor. "I am so grateful for a better place for my daughter and me to be in," Hailee says. "This home means security and a fresh start to a happy new life filled with love and respect." Hailee was officially handed the keys to this beautiful new home on February 4, 2020, surrounded by her loved ones and community members. Welcome home, Hailee!

Hailee's home is just the first Evansville ReStore-sponsored home and a new fund is already set up to help another family reach the goal of homeownership. When you shop and donate to the ReStore, you are helping a young child like Tay'Lynn have a stable home to grow up in. Your continued support of the Evansville ReStore will help even more local families have a decent, affordable place to live.

What's it take to build a Habitat house?

Core Crew

The Core Crew is made up of men and women giving 80+ hours a year building Habitat homes. Groups volunteer on Tuesdays, Wednesdays, and/or Saturdays from 7:30 a.m. to 2:30 p.m. doing a combination of jobs including installing flooring systems, raising walls, putting up siding, completing interior work, and more. Becoming a Core Crew member doesn't require any construction experience and welcomes all skills. The Core Crew are building these homes from the ground up, and Habitat could not be more thankful for their dedication.
