

Welcome Back, SICTC!

In the 2020-21 school year, a group of Juniors and Seniors built Brandi's home alongside Habitat from the ground up. It was a collaborative project that allowed these students to get hands-on construction experience while having a very real impact on a local family. In the final stretch of August, we once again had SICTC students out to build with us, this time at Malinda's home in Jacobsville.

Habitat Minute: Meet Jonhte!

Every week, we catch you up on what's going on at Habitat Evansville in just 1 minute! Watch for build updates, homeowner interviews, reminders about events and more!

Get Involved with Habitat Today!

We are badly in need of donations of cases of water bottles for our volunteers on construction sites! You can drop off cases at our office on Diamond during normal business hours!

We need Homeowner Advocates! Advocates must be homeowners themselves and be willing to help guide and support a family while they complete our program.

If you are interested in volunteering with us in our office or on a build site, we would love to have you! Contact Meredith at 812-453-3810!

When you give to Habitat Evansville, you can rest assured your dollars are going directly into construction, not overhead costs. We even have a **4-star** rating on [Charity Navigator!](#)

Giving just a little every month is a great way to impact local families without breaking the bank. Even a small monthly gift can grow to something truly significant over time!

Homeowner Spotlight: Meet Dorothy!

Dorothy has been working hard in our homeownership program for several months, and she recently selected the lot her home will be built on!

She says, "[My daughter] doesn't fully

understand what's going on yet, but I can't wait for her to actually see the finished house I put my sweat and tears into."

Read her full Habitat story on our website.
